Graduation Speech Examples

It's like waking up from a dream , A dream that lasts for 4 beautiful years . I have so many memories of these years, both good and bad experiences are all rushing in my mind at the same time , and it's all making me feel a bit dizzy . For most of you who Don't know me* I am Eric James and I will take you on a roller coaster ride of my High school journey .

It was the year of 2015 , When a shy and afraid 14 year old boy entered into this ' Multiverse of fun , madness and education ' also called the Walton High School . For the First Few months I thought this isn't a place for me . Seniors were doing all kinds of stuff and my classmates were trying to copy them . I had never been to such a place which was so full of activities and Then I started making FRIENDS .

This is where My High school life truly started , Fun and Madness during your High school journey are Like a Chemical reaction and Friends are like a Catalyst (For those of you , who understood it , thank you and Those who didn't understood , Meet Mr Henry (Chemistry Teacher) After the ceremony 😊 .

Now , It is the year of 2019 . The shy and afraid boy that once entered these gates is neither Shy nor afraid anymore . At this moment , I would like to thank each one from the batch of 2015 and all of the teachers for making our High school life memorable .

Thanks .

Greetings to everyone who is present here and who is a part of my High school life . My name is kelly* and I am a proud member of Walton high's awesome family .

My High school journey has been full of ups and downs . I was new to this locality and I had no friends here. But in no time all of the class was my friend. I never expected such friendliness and support from people who were complete strangers to me .

I think that the years we spend at high school are the most important years of our life . These are the years that shape us as a professional , as a citizen and as a person . I was very lucky to be in the Company of such Good , friendly and happy people. Spending time with you all... was really a time well spent and memorable .

I would also like Thank my mom. I can't express in words how grateful I am to her. She is the one that keeps me together . I must have done very good deeds in my previous life. That God blessed me with all these wonderful people .

And at last , All the best to everyone for their future , Keep rocking and never ever give up ,

Thank you .
